

**JON SULLIVAN MP
FEDERAL MEMBER FOR LONGMAN**

MEDIA RELEASE

**FEDERAL GOVERNMENT GRANT FOR NORTHPINE
CHRISTIAN COLLEGE**

Northpine Christian College will build a \$1.8 million library and a \$1.2 million multi-purpose hall with funds received from the Federal Government's *Primary Schools for the 21st Century* school infrastructure initiative.

Announcing the grant, local MP Jon Sullivan said he had been very impressed by the school and the school community on a recent visit to the school to help celebrate the opening of facilities funded by the previous government.

"I know that the facilities that the school is able to incorporate into their campus as a result of this funding will provide rich educational dividends for its students," he said.

"Importantly this building activity also supports local jobs in the construction, retail and service sectors, helping to cushion us from the worst of the Global Financial Crisis."

"An enhanced educational opportunity for our kids helping deliver them a better future, while at the same time helping local families through the rocky times ahead."

"That's a great outcome."
